

USE OF INTERFERON FOR TREATMENT OF CHRONIC FELINE STOMATITIS

PATIENT: _____

STOMATITIS DISEASE ACTIVITY INDEX	0	1	2	3
Owner evaluation				
Weight				
Maxillary buccal mucosal inflammation				
Mandibular buccal mucosal inflammation				
Maxillary attached gingival inflammation				
Mandibular attached gingival inflammation				
Molar salivary gland inflammation				
Inflammation of areas lateral to palatoglossal folds				
Oropharyngeal inflammation				
Lingual and/or sublingual inflammation				
TOTAL SCORE (maximum = 30)				

RECHECK DATE: _____ WEIGHT TODAY: _____ LAST VISIT: _____
